She lures you in with intention,
Looks like the girl next door.
But it's blood and sticky floors, That really turn her on.

She's got a body to die for,
You touch it and you will.
She's got a face of an angel, And an urge to kill.

She's sanctified by death.

Hey! Stay away from the lady night.
Hey! Don't you mess with the devil's bride.
(You gotta pull out!) Can't you feel the darkness
falling?
(Get the hell out!) Can't you hear the heaven's roaring?
The Deadite girls gone wild!

Have casket will travel,
She's the best of the worst.
She'll chew on your neckbone, To quench her thirst.

The black widow entraps you,
Oh boy, you're in for a treat.
She's the queen of beasts, She's a demon in heat.

She's sanctified by death!

Hey! Stay away from the lady night.
Hey! Don't you mess with the devil's bride.
(You gotta pull out!)
Can't you feel the darkness falling?
(Get the hell out!)
Can't you hear the heaven's roaring?
The Deadite girls gone wild!

[interlude]

No, don't thank heaven for little girls, no!
When their eyes turn white as pearls.
You wanna put it inside,
You're gonna lose it, she bites.
Then she'll suck you dry!

Then she'll suck you dry...
HA HA HA HA HA HA
WOAH!!

Hey! Stay away from the lady night.
Hey! Don't you mess with the devil's bride.
(You gotta pull out!)
Can't you feel the darkness falling?
(Get the hell out!)
Can't you hear the heaven's roaring?
The Deadite girls gone wild!
