Ooh, it took me down
(By surprise)
I'm on the ground
(Paralyzed)
Tryin' not the breathe
'Cause I know I'll be found

Pray the Lord
(My soul to keep)
'Till I'm sore
(Like a hammer)
It's pounding me until I'm driven in

I would be damned if I
Ever fell, but could I tell
I would be damned if I do
I'm damned if I don't
This time I'll go for the kill

Monster, monster
I can't take this hell no more
Beast be gone
Something's gotta give

Monster, monster
Gonna throw you out of the door
One will die and the other shall live

You taught me
(Everything that I)
Shouldn't say
(Everything that I)
Shouldn't do and now I'm defyin' you

Human voice
(Paralyzing)
Nature's choice
(Hypnotizing)
The hunter shall become the hunted

Damned if I
Ever fell, but could I tell

I would be damned if I do
I'm damned if I don't
This time I'll go for the kill

Monster, monster
I can't take this hell no more
Beast be gone
Something's gotta give

Monster, monster
Gonna throw you out of the door
One will die and the other shall live

Monster, monster
I can't take this hell no more
Beast be gone
Something's got to give

Monster, monster
I can't take this hell no more
Beast be gone
Something's gotta give

Monster, monster
Gonna throw you out of the door
One will die and the other shall live

Monster, monster
I can't take this hell no more
Beast be gone
Something's gotta give

Monster, monster
Gonna throw you out of the door
One will die and the other shall live
