You know you saw them, but no-one ever listens.
They'll be long gone, by the time the sun has risen.

You feel 'em lurking hear 'em howling in the shadows.
Wreaking havoc on your perfect world.

They are the tricking trolls,
They got the bell that tolls,
Flash at the edge of your sight.

They only come out at night.
They only come out at night.
They only come out at night.
They only come out at night!

[interlude-Amen]

The shadows breathe, with a venom like no other.
Mmm!
A silent evil, where there shouldn't be another, no no.

I feel 'em lurking, hear 'em howling in the shadows.
Wreaking havoc on your perfect world.

They are the tricking trolls,
They got the bell that tolls,
Flash at the edge of your sight.

They only come out at night. (They only come out at night)
They only come out at night. (They only come out at night)
They only come out at night. (They only come out at night)
They only come out at night. (They only come out at night)
They only come out at night. (They only come out at night)
[solo-Amen]

Don't know what's at stake, I think they're right beside me.
I gotta stay awake, And keep them all from biting.

[interlude-Amen]

They only come out at night. (They only come out at night)

They only come out at night. (They only come out at night)

They only come out at night. (They only come out at night)

They only come out at night. (Night!)

They only come out at night. (They only come out at night)

They only come out at night. (They only come out at night)

They only come out at night. (They only come out at night)

They only come out at night. (Night!)

They only come out at night. (They only come out at night)

They only come out at night. (They only come out at night)

They only come out at night. (They only come out at night)

(OH YEAH)!

They only come out at night. (They only come out at night)

They only come out at night. (They only come out at night)

They only come out at night. (They only come out at night)

(WOAH!)
