I'm chasing the dream, luck's on my side
Roll out the dice, Sin City Lights
I smoke like a chimney, bathing in sweat
I drink like a pirate, five dollar bets
I win and I win again,
Thrilled with excitement, a smoke in my hand
The waitress is smiling, the drinks are for free
I love the sound of the slot machines

I am the Slot Queen
I go for big wins
I win everything
Cuz I'm the Slot Queen

I'm living the dream, welcome the night
Viva Las Vegas, luck's on my side
I'm dressed in Versace, I'm drinking champagne
I'm on a roll, it's getting insane
I win and win again,
People start cheering, clapping their hands
The waitress is smiling, the drinks are for free
I love the sound of the slot machines

I am the Slot Queen
I go for big wins
I win everything
Cuz I'm the Slot Queen

Ready for stardom, I'm ruling the game
Go for the Jackpot, my quest for fame
Play like a robot, make no mistakes
Got nerves of steel, that's what it takes
I win and win again
The crowd goes crazy, waving their hands
The waitress is smiling, the drinks are for free
I love the sound of the slot machines
