I'm all alone in my room
Just me and myself
Me and my gorgeous body
And my fucked up brain
We're thinking about all the precious moments we've
had together
Thinking about the places we've been the people we've
met
The lovers that wondered in and out of our lives
The ones we've used, and abused, and then dumped
Cause they don't understand us the way we do
No one can rip us apart
Let's face it girl
We don't need anyone else
We can do it all by ourselves
We're two in one
In flesh and in blood
We share everything
Everything we've got
We'll stay together
Forever forever forever and ever
And ever and ever
I know what you feel
I know what you like
I know what to do to drive you wild
The more you want
The more you get
We're the same
We like it wet
Oh yeah! oh!
la, la, la...
la, la, la...
We're all alone in the room
Just me and myself

Me and my hungry body
And my lusty brain
We're thinking about what we want to do together
And before you know it we're doing stuff you can only
imagine
And dream of
Let's face it girl

We don't need anyone else
We can do it all by ourselves
We're two in one
In flesh and in blood
We share everything
Everything we've got
We'll stay together
Forever forever forever and ever
And ever and ever
I know what you feel
I know what you like
I know what to do to drive you wild
The more you want
The more you get
We're the same
We like it wet
Oh yeah! oh!
la, la, la...
la, la, la...
