Spank my booty
Come on and spank my booty
Spank my booty
Spank my booty real good
(x2)

When I was a kid
I was a lazy child
Always skipping school
I was really wild
My poor old dad
He went insane
Cause I'm his little bitch
And in love with pain

So my daddy he spanked my butt
He turned me into his super spanky slut
I begged him for his mercy with tears in my eyes
He didn't know that he just showed me paradise

Spank my booty
Come on and spank my booty
Spank my booty
Spank my booty real good
(x2)

Then I met my boyfriend
He was almost eighty five
Crawling on the floor
He knew all about life
I was feeling horny
And just couldn't resist
I had to have him hit me with his manly fist
I started bleeding badly
Love at first fight
Since that romantic moment
I crawled by his side
But just the other day
I hit him right back
The poor old bastard
Got himself a heart attack (heart attack)

Spank my booty
Come on and spank my booty
Spank my booty
Spank my booty real good
(x2)

I'm a little older
Addicted to the whip
When I'm chained to the wall
I feel mighty hip
Rings in my nipples
Metal in my cheek
I'm the queen of the club
I look really shiek
I need to be whipped
Mmm I love that stuff
A good old fashioned beating
Can't get enough
I still thank my dad
On my bare two knees
I'll crawl daddy
Come and spank me please

Spank my booty
Come on and spank my booty
Spank my booty
Spank my booty real good
(x2)

Spank
Spank (spank spank)
Spank

Spank my booty
Come on and spank my booty
Spank my booty
Spank my booty real good
(x2)
