Take a walk

I don't want no lip or your badass trip
No use to pick a fight, you know I'm always right
I don't want no lies and no alibies
Shut your face you're too small, don't owe you anything
at all

Don't like your filthy talk or the bounce in your walk
I couldn't care less, boy you think that you're the best
In our bed at night, can't even do things right
Oh you're just no good, don't do what a real man
should

Chorus:

Baby who do you think you are
Driving around in your big fat car
With your macho look and your stupid talk
Get outta here, go take a walk
Baby who do you think you are
Driving around in your big fat car
With your macho look and your stupid talk
Get outta here, piss off and take a walk

You behave like a beast to say the least
You're so full of yourself, you don't think of no one else
No I won't behave like your little slave
Baby think again, huh, you are not a man

You always stink of booze and give me the blues
You're a lousy lay, you prove it every day
Come on and get your shit cus I'm sick of it
You with your stupid head, why don't you drop dead

Chorus:

Baby who do you think you are
Driving around in your big fat car
With your macho look and your stupid talk
Get outta here, go take a walk
Baby who do you think you are
Driving around in your big fat car
With your macho look and your stupid talk

Get outta here, piss off and take a walk
