(Bator/James)

Seducer...

I heard the devil curse/I recognized my name

Immaculate deception/I prophesied my fame

Seducer...

My slight-of-hand genius/you fell under the spell

My scientific knowledge/you called them miracles

I'm the Seducer

All the kings and kingdoms/from beggars to the Czars

Believed me when I told you that/I rose into the stars

I ran and his in Dead Seas/my wife and son set sail

I'm the blood of the Merovingians/houses the Holy Grail

Your excellencies please follow me/seize the reigns of
government

I got the power of the Priory/I got the skull called

Baphomet

I come down from the Rosy Cross/oh hallowed be my
name

I heard the Pope proclaim/I'm the One-the Same

I'm the Anti.../guess my name

I'm the Seducer

Just a Magician/called Religion/your religion

Seducer...
