I see it clear, my heart is here
We got each other, let's take it from there
And if I could I'd love you a forever at a time, Oh oh
oh
What we've been through, no one else knows
Cause all that matters is how far this goes
And it will go until it starts again, oh oh

Me and you are built like armor
Nothing can stop love from loving on us
And I'm not asking for much

Just a couple of forevers
A couple of forevers
I'm the only one, you're the only one
Together till never
I'm talking my forever
Just a couple forevers
I'm the only one, you're the only one
Together till never

It can get hard, and it gets rough
It can get crazy but not for us
Cause we gotta struggle just stay apart
Me and you are built like armor
Nothing can stop love from loving on us
And I'm not asking for much

Just a couple of forevers
A couple of forevers
I'm the only one, you're the only one
Together till never
Oh I'm talking about forever
Just a couple forevers
Ooh, I'm the only one, you're the only one
Together till never, never, never

Can you see it oh oh ooh oh
Can you see the signs from above
It's so blinding, there's no denying

You and me are built like armor

Nothing can stop love from loving on us
And I'm not asking for much

A couple of forevers
I'm the only one, you're the only one
Together till never
Oh I'm talking about forever
Just a couple forevers
I'm the only one, you're the only one
Together till never
