Through all of the devilish things we do
Through all of the devilish things we do

I could be left you could be right
I could be day you could be night
But in the outside it looks so nice
It's so nice but only inside

Bridge:
All we do is grind, burn
Burn box but never lie
Turn nice...
When the first want it to be over.

Chorus:
...
Could be breaking the dishes oh yeah
May it seem like we're losing it all
Still we don't wanna miss it, no
Through all of the devilish things we do
Through all of the devilish things we do
Through all of the devilish things we do
I love you
I love you
I love you

You could be white, I could be black
You could be chill I could be...
And on the outside it look so...
If we look back back back yeah

Bridge:
All we do is grind, burn
Burn box but never lie
Turn nice...
When the first want it to be over.

Chorus:
...
Could be breaking the dishes oh yeah
May it seem like we're losing it all

Still we don't wanna miss it, no
Through all of the devilish things we do
Through all of the devilish things we do
Through all of the devilish things we do
I love you
I love you
I love you

You got me... things I've never do
Baby girl I'm telling you love potion number on my... to
put the spell on you
To... night I'm... like wish you really thinking
That I could be the only... what you're drinking
So teach me baby go on, give a lesson
I'ma be, be a... tell you baby mama these are my
confession
So runnin down the list and number one is my
exception
It's you

Through all of the devilish things we do
Through all of the devilish things we do
Through all of the devilish things we do
I love you
I love you
I love you
