Yeah (yeah), yeah (yeah)

Yeah (yeah), yeah (yeah)

I, I, I

I, I, I

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

{Verse 1}

Oh, hear what your saying, girl it don't make no  
difference to me

No, sick of waiting, (I, I, I) I'm sick of waiting

I'm trying to figure how, you would do this to me

I should have let you know, but I ain't no quitter though

I should have seen the signs, I let you in my life

Girl I heard it coming, all around

That you were nothing but I kept it down

Now you got this game that you're playing

Now I hope you hear what I'm saying

{Chorus}

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

I, I, I don't want to do this no more

{Verse 2}

Now you turned the tables, it's me

But, but how was I able to know we, were really happy  
like the textbook said

But maybe that's my fault 'cause I should have read

Promise I don't wanna know you (you, you), why you  
wanna treat me like a fool (fool, fool)

Now I'm sitting here trying to figure out

What's goin' through you're mind, waohhh

{Chorus}

I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more

Whoa, that's what I'm saying

{Chorus}

I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more  
I, I, I don't want to do this no more
