[Verse 1:]

Lead to my... be here this lonely
Hold me tight
To burn out the only

The memories of how I've been lonely

[Chorus:]

Wondering if we'll do like the nighttime
I can't wait til sunrise
I can't wait til my eyes open a bit
And I know I'll smile in the daytime
Waiting for the sunrise
Everything will be alright
I know it with you
Just gotta get through the night

[Verse 2:]

Favorite songs
I'd lean on my pillow
If love is lost is lost is lost
I cried tears of sorrow
I will find true love tomorrow

[Chorus:]

Wondering if we'll do like the nighttime
I can't wait til sunrise
I can't wait til my eyes open a bit
And I know I'll smile in the daytime
Waiting for the sunrise
Everything will be alright
I know it with you
Just gotta get through the night

[Bridge:]

Just give me one night to fix all the problems
Tonight... I miss the crying until the morning
Tonight... when I finally realized our mistake
Torn, I'm torn, baby I

[Chorus:]

Wondering if we'll do like the nighttime
I can't wait til sunrise
I can't wait til my eyes open a bit
And I know I'll smile in the daytime
Waiting for the sunrise
Everything will be just right
I know it with you
Just gotta get through the night
