"Goodbye Game"

Visit "[Goodbye Game](#)" on MotoLyrics.com

Tell me why I'm living,
Some days my work seem so in vain.
I talk to you, you don't hear nothing that I say.
What's up with this game?
Why am I so forgiving?
Why am I always checking for these fools?
If he aint hearing none of home girl's rules.
Why do I play?
I'd rather play alone

Oh, I can't play a fool anymore, (no)
No, I don't need a game anymore,
(You could play the fool, yeah)
I'ma play my hero, you gon be a zero, oh
(Ohhh, I'd rather play alone)
Oh, I can't play a fool anymore (noo)
No I don't need a game anymore,
(You could play the fool)
I'ma play my hero, you gon be a zero
(I'm playing the goodbye game)

Hit the highway,
Call you a cab,
Gimme back my keys
Goodbye to baggage,
You ain't bagging me
I'm gonna smile when I wave,
(Goodbye baby)
I can take the low road
Ain't got no pride
I ain't putting up a fight
Get out the boxing ring
Its T.K.O. tonight
Walk that way,
I'd rather play alone,

Oh, I can't play a fool anymore, (no)
No, I don't need a game anymore,
(You could play the fool, yeah)
I'ma play my hero, you gon be a zero, oh
(Ohhh, I'd rather play alone)
Oh, I can't play a fool anymore (noo)

No I don't need a game anymore,
(You could play the fool, eh)
I'ma play my hero, you gon be a zero
(I'm playing the goodbye game)

We play the game
Until we lose it
I'd rather leave ya
Before I do,
I'd rather say
I loved a cheater
And be a quitter,
I'm still a winner, ohhh

(Oh, oh, oh, oh, oh -oh-oh)
Sing oh, oh, oh, oh, oh
(oh, oh)
When it hurts so bad say oh
(Oh)
Sing it one more time with me
(Oh) oh
(Oh, oh, oh, oh-oh-oh)
I just can't take the way I feel right now
Say oh
(Oh, oh)
Oh-oh, one more time
(Oh)
I'd rather play alone,

Oh, I can't play a fool anymore, (no)
No, I don't need a game anymore,
(You could play the fool, eh)
I'ma play my hero, you gon be a zero, oh
(Ohhh, I'd rather play alone)
Oh, I can't play a fool anymore (noo)
No I don't need a game anymore,
(You could play the fool, yeah)
I'ma play my hero, you gon be a zero
(I'm playing the goodbye game)
