I was fallin' fast, so fast from out the sky
And on the other side of town I wasn't far behind
They said I can resist... for the love
But ever since we met our hearts just opened up

The way this story goes
What's goin' on?
Look at what we started
Cause I'm from Venus, you're from Mars, yeah

Chorus:
We're from two different places
Stuck in this world
And from two different planets
We fell in love
Here on earth, here on earth

Only someone like you could really change my life
And now that I've found the one
I ain't checkin' for anybody else
We got the rest of our lives

Boy you got my heart
Anything you need I'll do it
Right here from the start, yeah
Like a cash
Baby, you ain't gotta ask
You're the best thing I have, hey

The way this story goes
What's goin' on?
Look at what we started
Cause I'm from Venus, you're from Mars, yeah

Chorus:
We're from two different places
Stuck in this world
And from two different planets
We fell in love
Here on earth, here on earth

Yeah, oh
Here on earth, oh
Here on earth
Here on earth, yeah
I ain't goin' nowhere baby
Now that you're here

Chorus:
We're from two different places
Stuck in this world
And from two different planets
We fell in love
Here on earth, yeah
We fell in love
Baby, right here on earth

Here on earth, here on earth
Yeah
