I got a way of finding all the wrong places to go
Being everywhere I ain't supposed to be
At the right time

That's why I do so bad at life, yeah
If you need a friend to show what you already know
If you got a lot of time to blow
I got the rest of the night

I suck at doing anything right
I'm whatever, whatever you don't want
Have to depend on
Someone to lean on

And whatever, whatever you don't want
Promise to give more
I'm right on time
I'm not your friend, I'm your life

Take a champagne glass to the rest of me
I know I make you so happy, well, maybe not
But I'm the only life you got, yeah
Ask the Lord that he saved my soul some day
If God will come around my way, imagine if I pray

I really don't wanna be this way
But I'm whatever, whatever you don't want
Have to depend on
Someone to lean on

And whatever, whatever you don't want
Promise to give more
I'm right on time
I'm not your friend, I'm your life

You're stuck with me, nothing you can do about it
You gotta live with it, you can't live without it
I'm trying to change, I'm so sorry about it
I'm not your friend, I'm your life

I'm whatever, whatever you don't want
Have to depend on

Someone to lean on

And whatever, whatever you don't want
Promise to give more
I'm right on time
I'm not your friend, I'm your life, yeah

I'm your life, yeah
I'm your life, oh oh

Whatever, whatever you don't want
I can't be your friend, my friend, no
Whatever, whatever, oh, yeah, yeah
I'm not your friend, I'm just your life, I'm your life
