I'm drunk I am on my fourth bottle
Someone stop my now
It's chaos alone still had to hope
I can't cool it down
This was supposed to be heaven
But it's hell
Anything in between I just couldn't tell yeah
But it feels like it's like a thousand knives
Right through my eyes every time I see you in my mind
Kissing him touching him this is torture babe
Like physically memories jealousy
I don't have time

Chorus

Just get it over with
Just get it over with
Baby just kill me now
Just get it over with
Just get it over with
Just get it over with
Just get it over with
Just get it over with
Baby just kill me now

Every second I am just sitting watching my life pass by
Heartbeat solid no I am running out of time
Anything in between I just couldn't tell yeah
But it feels like it's like a thousand knives
Right through my eyes every time I see you in my mind
Kissing him touching him this is torture babe

Like physically memories jealousy
I don't have time

Chorus

Just get it over with
Just get it over with
Baby just kill me now
Just get it over with
Just get it over with
Just get it over with
Just get it over with

Baby just kill me now
Oh baby just kill me now
Anything in between I just couldn't tell yeah
But it feels like it's like a thousand knives
Right through my eyes every time I see you in my mind
Kissing him touching him this is torture babe
Like physically memories jealousy
I don't have time

Chorus

Just get it over with
Just get it over with
Baby just kill me now
Just get it over with
Just get it over with
Just get it over with
Just get it over with
Baby just kill me now
