(Verse)

Here I go with my heart wide open
I'm all frustrated again
Yeah lock the door, throw away the key
Said I'll never let no one in
I was on the boat, I was wrapped up in the road but you
caught me in
So I follow about
True love lost it's meaning

(Pre-Chorus1)

And after self-evaluation
I found I lost me in translation
See the girl with the broken heart
See the girl with the open scars
It's not the girl with the brand new scarf

(Chorus)

Now I know how to love somebody
I know love is out there for me
I know there's no way that love forgot
Love won't leave me out
I know how to love somebody
I know love will come back to me
I know there's no way that love forgot
Love won't leave me out

(Verse)

It's amazing to know how far you could go on hope with
no diet
It's the way love goes
It'll take you through and it always brings you out
It won't leave you stranded
Though you may feel abandoned
My experience is my evidence

(Pre-Chorus2)

And with a little evaluation
I found I got a whole lot of patience
Am I the girl with the broken heart?
And the girl with the open scars

It's not the girl with the brand new scarf

(Chorus)

Now I know how to love somebody
I know love is out there for me
I know there's no way that love forgot
Love won't leave me out
I know how to love somebody
I know love will come back to me
I know there's no way that love forgot
Love won't leave me out

(Bridge)

I can feel my heart again
This time I'm not afraid
I can hang it up my ear
Hear what true love's got to say
This time I want it all
No matter I'm gon fall
I won't back at all when love goes

(Chorus)

Now I know how to love somebody
I know love is out there for me
I know there's no way that love forgot
Love won't leave me out
I know how to love somebody
I know love will come back to me
I know there's no way that love forgot
Love won't leave me out

No, no, no
It's not gonna leave me out no, no
I've come too far
I've come too far for love to leave me out like this
Oh yea
Oh it didn't forget about me
Love won't leave me out
