Ha-ha, yeah, I kinda like this one right here
Yeah, chrischan, you already know what it is

Lemme bring it back to when I, last year about the
month of december
She peeped me at my home, talked up on the phone
Yeah shawty had it going' on, but that was then
And then she had a boyfriend, but now she's single
again
Yeah grabbed me on myspace, first in her top 8
I wanna know girl, I wanna know girl

Chorus:

I ain't gotta shawty
You ain't got a man
So let's make this thing official, woah!
Your friends ain't gotta know about us we can keep it
on the low
I'm just tryna make you official
Be my girl, my girl, my girl, my girl, my girl, my girl, my
girl
I'm just tryna make you my girl!

Where you be (yup), where you at (yup)
When you and me (yup) none of that (yup)
I know you wonderin', girl I ain't perfect
To be real with you, shawty I'm worth it
Spend the night with me and we'll see
I'll fulfill you whatever you need yeah
Quit playing games with me, you know I want it
I wanna know girl, I wanna know girl

Chorus:

I ain't gotta shawty
You ain't got a man
So let's make this thing official, woah!
Your friends ain't gotta know about us we can keep it
on the low
I'm just tryna make you official
Be my girl, my girl, my girl, my girl, my girl, my girl, my
girl

I'm just tryna make you my girl!

Yeah...

Shawty blow in like the wind,
So every day you're like a show queen
I swear I've seen her on tv,
Like my favorite celebrity!
... trying to go deep to when I first met you!
I had to tell you are beautiful!
Beautiful, beautiful!
At the time you wasn't thinking about any guys,
So I...
To my surprise you were feeling,
Trying to act... come home with me!
So I made a... , paid for her drinks,
Oh my, she was lower with the flow, flow!
And we, back to the crib, back to the crib,
Candle light already seen on the table!
We had a glass of wine and a conversation,
She told she ain't been treated like this before!
Uhuu, I ain't gonna sit and waste her time,
But I'mma waiting to be her... make this thing official!

Chorus:

I ain't gotta shawty
You ain't got a man
So let's make this thing official, woah!
Your friends ain't gotta know about us we can keep it
on the low
I'm just tryna make you official
Be my girl, my girl, my girl, my girl, my girl, my girl, my
girl
I'm just tryna make you my girl!
