Never came across anything
You couldn't handle
No matter the problem
You were always there my superhero

Though I love you for it all
I'm a women, I'm a grown up
And that means that you gotta let me fall
And learn to get up on my own

On my own, can't let you in now
Gotta be alone, on my own
Gotta fight this battle alone, on my own

I know you're gonna care about me forever
How will I ever learn the price of my heart
If you're always its protector?

You can't make him love me right
Make him treat me the way he should
I love you but this my fight
Let me fight it on my own

On my own, can't let you in now
Gotta be alone, on my own
Gotta fight this battle alone, on my own

On my own, can't let you in now
Gotta be alone, on my own
Gotta fight this battle on my own

On my own, on my own
On my own, on my own
