I'm so cool

You never called me like you promised to
That's OK, cause he calls every single day i'm cool
You use to say, that for me you would go and get the
moon
You never did
But he brought the sun and moon and stars i'm cool
Baby i'm so cool
You promised me the world in the beginning
Though I never asked you for a thing
But all of a sudden, a whole lot of nothing, is all that
you would ever bring
I've never needed cars or clothes or jewelry
Or anything else you were promising
All that I needed, was to be treated
Like you cared a damn for me
But you couldn't even do it so

(Chorus)

So after everything you put me through
(everything you put me through)
I just want you to know
That I've moved on and baby i'm so cool
So cool, hey, so cool, oh yea
It wasn't hard to find a better you
(hard to find a better you)
I'll be alright
No don't you worry baby i'm so cool, i'm so cool

I use to walk around with an attitude, hey
But now, he keeps me smiling everyday i'm cool, hey
The only thing I really wanted from you
Was the only thing you'd never do
Love and affection, you gave rejection
So I had to quit you, cause you didn't even do it so

(Chorus)

So after everything you put me through

(everything you put me through)
I just want you to know

That I've moved on and baby i'm so cool
So cool, yeah, so cool, yes
It wasn't hard to find a better you
(hard to find a better you)
I'll be alright
No don't you worry baby i'm so cool, i'm so cool

Baby i'm so cool
(baby i'm so cool)
Finally done with you
(finally done with you)
Onto something new
(onto something)
So cool (oh, oh) so cool

Baby i'm so cool
(baby i'm so cool)
Finally done with you
(finally done with you)
Onto something new
(on to something new)
So cool, yeah, so cool

(Chorus)
So after everything you put me through
(everything you put me through)
I just want you to know
That I've moved on and baby i'm so cool
So cool, (so cool,so cool, so), so cool
It wasn't hard to find a better you (hard to find a better
you, better you)
No don't you worry baby i'm so cool
I'm so cool(I'm so cool) i'm so cool (i'm so cool)
