I can't say it's easy feeling the way I do, now
I can't say it's simple being so into you, no, no
Some may say I'm crazy, I may say that's true

I can't think of nothing better than loving you
Far as I can see we'll be alright
But when life goes wrong love works it out, oh

Work it out, love
That's what we're gonna do
Life without you
That can be sad and blue

Work it out, love
I'm gonna stay with you
I can't think of nothing better
Than loving you

I walked the long road, I won't complain, no, no
I-I-I'll give it all up and you do the same, yeah
Call it 50/50, yeah, my love's for you

I can't think of nothing better than loving you
Far as I can see we'll be alright
But when life goes wrong love works it out, hey

Work it out, love
That's what we're gonna do
Life without you
That can be sad and blue

Work it out, love
I'm gonna stay with you
I can't think of nothing better
Than loving you

Grown folks told me true love lasts long
I will never go, I will never leave
Say you'll stay too, love

Work it out, love
Yeah, that's what we're gonna do

Life without you
That can be sad and blue

Work it out, love
I'm gonna stay with you
I can't think of nothing better
Than loving you

Work it out, love
That's what we're gonna do
Life without you
That can be sad and blue

Work it out, love
I'm gonna stay with you
I can't think of nothing better
I can't think of nothing better
I can't think of nothing better
Than loving you
