I don't know you
I don't know you anymore
Your face changes so fast
So fast, quicker than ever

So I'll pull my hair out now
Which seems like forever
The screen fades out to grey
So I'll shut it out, shut it off

And I've seen brighter days
than this before..

I'm as fine as hair
split ten ways [2x]

Well don't you remember
November the rain came down
Oh so hard,
That glorious night.

And I'll rip this shirt right off your back (right off your
back)
And you'll know it's time to go
Things won't be so pleasant anymore

The sun will beat down so hard
Indeed it will, yea

Twelve watts of lessons well learned
My shirt is now soaked
in what I was given to swallow
Oh yeah?
You know what I'm going through?
Sure you do, sure you do..

Yeah, you know what I'm going through?
Sure you do, sure you do.. [repeated]

Well don't you remember
November the rain came down
Oh so hard,

That glorious night. [repeated]
