I feel the rhythm in your body  
And I know you felt it too  
I feel it when you're near me  
How could I ever forget you

I feel the rhythm in your body  
And I know you felt it too  
I feel it when you're near me  
How could I ever forget you

I've got a pocket full of roses  
These thorns are sticking in my side  
I didn't lie when I told you  
I simply never ever lie

All I have are these  
Promises that you  
Gave to me  
You haven't broken yet

I feel the rhythm in your body  
And I know you felt it too  
I surrender so regretful  
How could I ever forget you

I love the rhythm in your body  
And I know you love it too  
I love it when you're near me  
Goddamn I'd love to forget you

Your best bet is some  
Bad advice so just  
Paint me white  
'Cause I surrender forever

I feel the rhythm in your body  
And I know you felt it too  
I surrender so regretful  
How could I ever forget you

I feel the rhythm in your body  
And I know you felt it too

I surrender so regretful  
How could I ever forget you  
How can I ever forget you

[Incomprehensible]  
[Incomprehensible]  
I feel the rhythm in your body

I feel the rhythm in your body  
And I know you felt it too  
And I surrender so regretful  
How could I ever forget you

I feel the rhythm in your body  
And I know you felt it too  
I surrender so regretful  
Your best bet is bad advice  
So paint me white
