Some say, I'm just a singer
I say, another sinner

Don't blame these bloody fingers
'Cause I know, I've gotten further
Than anyone that I know now
Much better than I ever knew before

It's such a wonderful chemistry
It's just a wonderful thing

You better not pour me that drink
'Cause you're my favorite enemy
Build me up baby, don't break me down
(Yeah)

So go ahead and pour that drink
'Cause you're the only one for me
Build me up baby
(Don't break)

Some say, I don't meet the standard
To avoid a great disaster
Don't blame these worn out fingers
'Cause I know, oh, yes I know

It's such a wonderful chemistry
It's just a wonderful thing

You better not pour me that drink
'Cause you're my favorite enemy
Build me up baby, don't break me down
(Yeah)

So go ahead and pour that drink
'Cause you're the only one for me
Build me up baby
(Don't break)

You dance around the obvious
Around the bush you beat to much
Don't lie to me just be straight up

Start over, start over

You dance around the obvious
Around the bush you beat to much
Don't lie to me just be straight up
Start over, start over, start over

You better not pour me that drink
'Cause you're my favorite enemy
Build me up baby, don't break me down
(Yeah)

So go ahead and pour that drink
'Cause you're the only one for me
Build me up baby
(Don't break)

(Ohh, ohh, ohh, ohh)
You dance around the obvious
(Ohh)
Around the bush you beat to much
(Ohh)
Don't lie to me just be straight up
(Ohh)
Start over, start over, start over
(Ohh)

Start over, start over, start over
If you consider me a friend
