Visit "[Something Different](#)" on MotoLyrics.com

And this is where I stop  
And this is where you begin  
To be something you're not  
Something different  
I never meant to make you cry  
But girl you know I had to leave  
Are you ready, are you ready for this?

(Woah-oh-oh-oh)

So this is where I stop  
And this is where you begin (you begin)  
To be something you're not  
Something different  
I never meant to make you cry  
But girl you know I had to leave  
Are you ready, are you ready for this?

I never wanted it this way, not this way  
Now I can't stop your hands from shaking

We're so young, we're so young  
But you went and threw it all away (all away)  
(I won't let you go, I won't let you)  
You're so wrong, you're so wrong  
So you went and threw it all away (all away)  
I won't let you go  
And still I never will

When I look into your eyes  
I swear I just fell inside  
A love that I can't have  
With you I felt alive  
You said that we could make this last  
And I don't wanna be alone  
You told me that I made you feel right

I never wanted it this way, not this way  
Now I can't stop your hands from shaking

We're so young, we're so young  
But you went and threw it all away (all away)

(I won't let you go, I won't let you)  
You're so wrong, you're so wrong  
So you went and threw it all away (all away)  
I won't let you go

I've gotta do whatever I gotta do  
You told me lies, it's no surprise, I knew  
(Woah-oh-oh-oh)  
I've gotta do whatever I gotta do  
(To forget you, to forget you)  
You cheated life, it's no surprise, oh

We're so young, we're so young  
But you went and threw it all away (all away)  
(I won't let you go, I won't let you)  
You're so wrong, you're so wrong  
So you went and threw it all away (all away)  
I won't let you go  
Don't wanna let you go  
I've gotta let you go
