[with Wilburn Brothers]

I don't know the location he's usin'
He's so close and still I can't see
But I know all the heartaches he's bringin'
Sure he's somewhere between you and me

When you say that you love me I don't doubt it
But he tells me the same things you see
All I know he's on my mind much too often
Cause he's somewhere between you and me

Yes he's somewhere between you and me

Give me time to erase his memory
Cause my heart has to be free completely
And he's somewhere between you and me
[guitar - steel]
Yes he's somewhere between...
Yes he's somewhere between you and me
