Is it day, is it night, am I losin' my sight  
Is it over or we're really through  
I can't see you in my arms anymore  
And I can't see me without you.

I can't see me without you to lean on  
And I can't see you leavin' or gone  
I could never see anything you wanted me to  
And I can't see me without you.

I see the house you once called your own  
And I see the door you walked through  
I see the road you're leavin' me on  
And I can't see me without you.

--- Instrumental ---

I can't see me I can't see me without you to lean on  
And I can't see you leavin' or gone  
I could never see anything you wanted me to  
And I can't see me without you.

I see the house you once called your own  
And I see the door you walked through  
I see the road you're leavin' me on  
And I can't see me without you...
