He packed his few belongings left a note and now he's
gone
It's hard for me to know he's left me here so all alone
As soon as he's gone for enough and I know he's out of
sight
Oh I'll go all to pieces and I'll cry
Yes I need someone to hold me when I cry
Someone who really understand the way I feel inside
When my heart breaks the tears won't stop no matter
how I try
And I need someone to hold me when I cry

I don't know why he left me or what his leavin's for
I guess he didn't need me or love me anymore
He drove me into a world as dark and cold as ice
With no one here to hold me when I cry
Yes I need someone to hold me....
