Take out all my hair blonde today to change my own
retouch
Not even learn a joke to tell that makes my pale face
blush
I'll change the high neck dress I wear to low cut dress I
found
To come up to what you're wantin' I'll sure come a long
way down

I'll put on heavy makeup so the real me won't show
through
I'll beat the things I hate the most if I can't be with you
I'll come to the dark and dirty streets in the roughest
part of town
To come up to what you're wantin' I'll sure come a long
way down
[steel]
I'll wear my lipstick much too red and a dress that fits
too tight
I'll be the kind of girl you want to fit into your life

I'll give up everything that's good recharge to the
things you bound
To come up to what you're wantin' I'll sure come a long
way down

I'll put on heavy makeup...
