You know that I love you, my love made me your fool
The way down deep inside I know you never will be true
But I'll keep holdin' on for life, just as long as I can
I'm one man's woman but you're any woman's man

I'm one man's woman but you're any woman's man
But I can't let that change me into something I can't
stand

I give you all the love I have, but your love is out of
hand

I'm one man's woman but you're any woman's man

Sometimes I have a notion to get revenge but then
Since I'm in love who cares about the place I've never
been

When temptation smiled at me, back to your arms I ran
I'm one man's woman but you're any woman's man

I'm one man's woman but you're any woman's man
But I can't let that change me into something I can't
stand

I give you all the love I have, but your love is out of
hand

I'm one man's woman but you're any woman's man
