Wherever you go wherever you may wander in your life  
Surely you know I'll always wanna be there  
Holding your hand and standin' by to catch you when  
you fall  
Seeing you through in everything you do  
Let me be there in your morning let me be there in your  
night  
Let me change whatever's wrong and make it right  
Let me take you through that wonder land that only two  
can share  
All I ask you is let me be there  
[ fiddle ]  
Watching you grow going through the changes in your  
life  
That's how I know I'll always wanna be there  
Whenever you feel you need a friend to lean on here I  
am  
Whenever you call you know I'll be there  
Let me be there in your morning...  
All I ask you is let me be there
