He's tempted by the devil to give up the love he knows  
he's got at home  
And temptation sometimes leads the best of men to  
want to stay out all night long  
And the way the world is turnin' you can find anything  
you wanna see  
But I know you turn it down turn around and then come  
on home to me  
But I've got me some kind of woman and she loves me  
like nobody can  
Yes I've got me some kind of a woman and that's why I  
go on home to be her man  
[ guitar ]  
He lets me know that I am the only girl in the world he  
wants to hold  
And I can tell by the way he touches me that his love  
will not grow cold  
So why should he go looking for another when I'm all  
he'll ever need  
I'm satisfied to be with him and his love sure does take  
good care of me  
But I've got me some kind of woman...
