I just heard the saddest news somebody's back in town
And I know just what she's gonna do
She'll pick up what she left off her last time around
Oh how it hurts to keep on losin' you
Somebody's back in town to steal your love from me
The fear I've had so long is now reality
The only chance I have is when she throws you down
My chance is gone somebody's back in town
[steel]
I know that I can't change your way we've been through
that before
Her trap is set and you will walk right in
She only wants of love an up-affair and nothing more

And you're just fool enough to fall again
Somebody's back in town why can't she stay away
You should know she never loved you anyway
She'll let you live a little then she'll throw you down
Sad news today somebody's back in town
