Loretta Lynn & Conway Twitty  
(Darlene Shofner)

The softness of your warm red lips  
The gentle touch of your fingertips  
Are just sweet things I remember about you  
That happy look deep in your eyes  
The way you kiss and the way you sigh  
Are just sweet things I remember about you.

I could tell you a million things you do  
That haunt me night and day  
For I get so lonely darling every moment you're away  
The way you smoke your cigarette  
The way I tingled when we first met  
Are just just sweet things I remember about you.

I could tell you a million things you do  
That haunt me night and day  
For I get so lonely darling every moment you're away  
The way you smoke your cigarette  
The way I tingled when we first met  
Are just just sweet things I remember about you...
