I don't know your name  
I wouldn't know your face  
But you're right with the one  
I love out there someplace  
You have an invitation  
Feel free to come around  
Come over anytime and see  
The home you're tearin' down.

Once some happy faces would  
Have met you at the door  
But since their daddy's gone so much  
They don't smile anymore  
There's shattered parts of broken hearts  
Just scattered all around  
Come over anytime and see  
The home you're tearin' down.

I'll dry all my tears  
And have the coffee hot  
'Cause I can't sleep a wink no more  
Time's all I've got  
You'll see the price I'm payin'  
For happiness you've found  
Come over anytime and see  
The home you're tearin' down.

You've told how much you loved him  
You can surely tell me too  
I'd like to know just what you've done  
To make him turn to you  
I swallow pride and hear your sigh  
If you'll just come around  
Come over anytime and see  
The home you're tearin' down...
