I've watched you leave  
That's how I know you're gone  
But this heart of mine  
Keeps tellin' me I'm wrong

I see your face  
Before me every night  
In this haunted house  
When I turn off the light

Sometimes I hear you walk  
Across the floor  
An' my arms reach out  
To hold you like before

I live for all the things  
We used to do  
In this haunted house  
I've filled with love for you

This haunted house I'm livin' in  
Is killin' me  
An' the ghost of your love  
Won't set me free

Each morning finds me cryin'  
And alone  
In this haunted house  
We used to call our home

Each morning finds me cryin'  
And alone  
In this haunted house  
We used to call our home
