(Frances Rhodes)

I'm just halfway happy not completely satisfied
When he sleeps beside me I dream of you by my side
When he tells me he needs me I try hard to please
While he's making love I'm making believe.

It's just a matter of time till I'll be with you
So I make believe till you can make it come true
It's a part that I'm playin' until he sets me free
While he's making love I'm making believe.

I feel guilty in his arms cause I'm not really his
I pretend that I hold you while I'm returning his kiss
And if I close my eyes he won't know he's deceived
While he's making love I'm making believe...
