(Peggy Forman)

Yesterday is gone and now you're going home
Oh, how I hate to say goodbye
But that's the price I pay for lovin' you this way
And being the other woman in your life
I just wanna be your woman, your friend.

Someone you can lean on
When you think you've reached the end
A warm place to hide when the cold winds blow
And your lover when she tells you no.

You know that I care I'll always be here
Anytime that she treats you wrong
'Cause you know how I feel and how I feel is real
And I'll love you anytime she won't.
