My own little world i hide away
I feel no pain i hide away
Never to talk
And never to walk no more

This is my fate this is my choise
I have ruined your life
Never to talk
And never to walk no more

I've played like a fool
This is my life
I take it all back
Never to talk
And never to walk no more

I vanish through the night
I travel throught my life
I am sinking in the earth
Never to talk and never to walk no more
In the shadows of a tormented soul
There conceals a murky threshold
Eldritch phantasm reveals
The yearning for infinitude invades

My beloved tremble in fear
My detest against thee who's a plaguer

Finally there is peace in thine soul
My resurge will reveal ye fate
In the misty twilight i appear
Invisible i conquer

Solely i fade with the winter
Solely i reveal my secrets
Infinitude i conceal in thy phantasm
Infinitude my phantasm is of thee
In my grandeur i proceed my voyage
In my grandeur my resurge is of thee
My resurge will sway throught dimentions
My resurge will reflect thine demeanour
