(Conway Twitty - Charles Haney)

Today I saw her for the first time since she left me
And she said I've got a favor to ask of ye and I said all
right what is it
And she said you know you always told me
If I ever needed any help just to ask you and you'd help
me
And I said yeah I remember and she said
Well there's this fellow that I've been going with
And I just found out that he's been slipping around me
And I thought that maybe if you'd write me a letter
And tell me that you miss me and that you still love me
That he may find it and it might greed it
And it might make him jealous and I might not lose it
And I said OK I'll write you the letter
Dear sweetheart just a line to let you know
That I still think about ye and I still love you so
I remember your kisses and every time you held me
tight
But most of all I remember the good times that we had
each night
Dear sweetheart if you're lonely just let me know
For you're still my one and only and I still love you so
I'm gonna close for now sweetheart and try to go on
without you
But don't forget I'll always love you no matter what you
do
So now I've written the letter the way you've asked me
to
And I hope it makes him jealous the way you want it to
For I've told you I still love you and I wanna be with you
But you know sweetheart the saddest part I'm not
pretending for I still do
