I can fall in love in the middle of the afternoon
With the TV blaring in the very next room
I fall in love again at the end of a raging fight
The kind that keeps us staying up all night

Chorus:

Baby, I'm not crazy
I just love the way you look at me
Baby, I'm not crazy
I just expect ecstasy
And I'm trying not to take everything to the extreme
I'm wide awake and you're still my dream
Baby, I'm not crazy

Sometimes I hear a voice telling me that you're the only
one
And I'd be nothing but a fool if I let this all come
undone
Every now and then I see the vision of a perfect man
When you turn around and smile like you understand
that...

Chorus

Well, there's a dull sweetness in this life of ours pretty
as graffiti
And I'm dancing without any music on but you're the
only one that sees me, hey...

Chorus

Oh, no
Baby, I'm not crazy
I just love the way you look at me
I just love the way you look at me
I just love the way you look at me
I just love the way you look at me
