Would you sell your soul for someone just to talk to?  
Would you close your eyes if I told you not to look?  
I don't deserve a single thing I want so  
Take it for granted  
What's gone has been took

Well, someone hurt you and I'm sorry that you're  
lonely.  
If you were everything you promised you would be  
You wouldn't be in this place like this,  
With a girl like me.

If you were everything you promised you would stand  
by  
If you were half the qualities you boast  
If you're in love then tell me why do I cry?  
You're the one in love, but I miss you the most.

And if the world turned just to make you happy  
If you were half the man you promised to be  
You wouldn't be in this place with a girl like me.

And the moon only turns in circles  
And my heart only beats so fast,  
My heart,  
Your soul.

So I guess I'm your "I told you you'd be sorry"  
If only I could be your sacrificial lamb  
Well if you're looking for blood from a stone, baby  
I'll tell you one thing, that's exactly what I am

You just stand there and tell me I'm not worthy  
For every little idiosyncrasy  
The world turns just to make you happy  
If you were everything you promised you would be  
You wouldn't be in a place like this,  
With a girl like me...

With a girl like me...
