Enter the Christ  
Words and Music Chris Foster

from the CD Peace Expressing

The world we see Is full of anger  
Is full of heartache Is full of fear  
But the world we know Is full of friendship  
Is full of kindness Is full of cheer

CHORUS:

Enter the Christ I know To be this perfect world  
No place for violence Guns or swords  
Enter the Christ I know To be this perfect world  
A place of acceptance Mankind in Accord  
The world we think Is full of hurting  
Is full of yearning Is full of doubt  
But the world we have Is full of wholeness  
Full of completeness No one is without

(repeat Chorus)
