(Louis Element/Johnny Williams)
adaptation anglaise Billy Crawford/Bernadette O'Reilly

Ah ah ah ah, ah ah ah, you, by my side.

Ah ah ah, ah ah ah ah, you by my side.

He is such a sweet sweet guy, he doesn't even see me
Every time he passes by, he makes my heart go crazy
No I can't, stand away, you don't notice me
It's so hard to have a breaking heart
Yes it's true, baby I am fallen for you
And one day, I will be in your heart

Hey, I know that once you notice me, you'll be mine
And you, you'll always be by my side
I know, that you're the one for me in my eyes
You'll always be by my side

He is just the only one and I can't be without him (Hey Lorie)
Whenever he walks by my door and I see your smiling face on mine
No I can't stand away, you don't notice me
It's so hard to have a breaking heart
Yes it's true, I am fallen just for you
And one day, I will be in your heart

Hey, I know that once you notice me, you'll be mine
And you, you'll always be by my side
I know, that you're the one for me in my eyes
You'll always be by my side
I know that once you notice me, you'll be mine
And you, you'll always be by my side
I know, that you're the one for me in my eyes, ah ah ah

But in my dreams, you love me true
You are holding me and I'm loving you
And you whisper gently, softly I love you
Ah ah ah ah ah ah... (Je t'aime) And you know I love you

Hey, I know that once you notice me, you'll be mine
And you, you'll always be by my side
I know, that you're the one for me in my eyes
You'll always be by my side
I know that once you notice me, you'll be mine
And you, you'll always be by my side
I know, that you're the one for me in my eyes, ah ah ah
Here by my side.
