The Island of the Dragon  
Ar away in time  
A land of wonders existed  
It was the centre of everything.

During ten thousand years  
The Empire reigned on Earth.  
This was the place  
Where the dragons slept many Centuries  
Until they were called to war.

An island in the ocean  
Had all the magic power.  
The Island of the Dragon  
Its beauty was magnificent  
Its people lived in great palaces  
Made of silver and gold.

The Emperors of the Island  
Made an alliance  
With the Lords of Chaos.  
Their Glory and Majesty  
Came from their cruelty.

They enjoyed the public tortures  
They inflicted to their enemies  
They were their greatest pleasures.  
For many millenniums  
The Island's pride was absolute.  
At last, the end of that age  
Arrived to break the dominion  
Of the Mighty Emperors.

The Nations under the Empire  
Spread their flags to the wind.  
They battled against the magic  
Like true brave warriors  
With the force of Truth.

They could conquer the Island  
And their liberty.
