He may not ever be a ladies man  
Maybe his calloused hands  
Have been too long in the sun  
But he will always be the one I love  
Cause he still does  
What no one's ever done

And it means more to me  
Than he will ever know  
Cause words could never say  
How much I love the way  
He talks to me

It does my heart good  
To hear him talk to me  
The way a lover should  
He can ease my frustration  
With his soothing conversation  
And I love the way he's  
Not afraid to talk to me

Now you can talk about the finer things  
Big cars and diamond rings  
That light up your life  
But let me tell you  
That the finest thing  
Is the joy he brings  
When we turn out the lights

And in those moments  
After we make love  
That's when he holds me close  
Gives me what I need the most

He talks to me  
It does my heart good  
To hear him talk to me  
The way a lover should  
He can ease my frustration  
With his soothing conversation  
And I love the way he's  
Not afraid to talk to me

Whoa, I love the way  
He's not afraid to talk to me
