We try to pick the most unlikely places  
Where no one's apt to know us by our names  
And for a while we share the sweet affection  
That makes it worth the sorrow and shame

Lovin' on backstreets and livin' on main  
Sufferin' hell through the daylight for the heaven  
darkness brings  
Two hearts in the shadows tradin' passion for pain  
Lovin' on backstreets and livin' on main

In the morning when I face the one who owns me  
And he confronts me with some things I can't explain  
Then once again I'll hate myself for livin'  
And wonder just how long my mind can stand the strain

Of lovin' on backstreets and livin' on main  
Sufferin' hell through the daylight for the heaven  
darkness brings  
Two hearts in the shadows tradin' passion for pain  
Lovin' on backstreets and livin' on main  
Lovin' on backstreets and livin' on main
