(Rick Giles/Austin Roberts/Charles Black)

There's a good time moon on the rise tonight
I can hear the call of the city lights
There's a time to work, and a time to play
I've worked all I'm gonna work today
Ain't no stopping me now
It's my night to howl

This is my night to set the town a-rocking on it's heels
This is my night to go crazy just to see how it feels
I'm gonna dress up, gonna let my hair down
Like a wild cat on the prowl
This is my, my, my night to howl

Turn me loose, I'm a dancing fool
That band's got a bass drum that kicks like a country
mule
When the town shuts down and it's time to go
I'm gonna take this party home
Ain't no stopping me now
It's my night to howl

This is my night to set the town a-rocking on it's heels
This is my night to go crazy just to see how it feels
I'm gonna dress up, gonna let my hair down
Like a wild cat on the prowl
This is my, my, my night to howl

This is my night to set the town a-rocking on it's heels
This is my night to go crazy just to see how it feels
I'm gonna dress up, gonna let my hair down
Like a wild cat on the prowl
This is my, my, my night to howl
