"Someone To Call Me Darling"

They call me a friend who will listen
A friend who's kind hearted and true
They never think about calling me lonely
What would they say if they knew

I need someone to call me darling
Someone to call me their own
Someone who loves me like no one else loves me
Someone to call me darling

There's never been much I can't handle
I've been called courageous and strong
But I come home to a house that's empty
And a dream that keeps me holding on

I need someone to call me darling
Someone to call me their own
Someone who loves me like no one else loves me
Someone to call me darling

I need someone to call me darling
