Same old shit, just a different day
I'm coming for the crown, the f-ck a n-gga say?
Los
And I'm the best rapper alive!

Before I pull up to the spot, you hear my coupe, dog
Look like I photshopped that bitch and took the roof off
Damn Los you go too hard
These rappers acting like Lebron, how you play with the
Heat and scared to shoot dawg!
Rappers fake, it's pathetic, matching them bets, taking
my credit
N-ggas get blasted away and beheaded
Bitch that crown aint safe cuz I said it
I got my shovel I'm coming, don't stumble
I got you a big f-cking tomb
I aint got no deal but I'm building a bedroom
Cuz I got some shit coming soon
Man I'm raining on them bitches, Travis Porter, turn
them lights out
You beating round the Bush, like Travis Barker at the
White House
I'm so deep in that top 5, I can't find out the kid number
Jay gonn have to call big momma, Ye gonn have to call
his big brother
They gonn have to have a discussion, Yea they best at
discussing
Jay you better find that n-gga, go sign that n-gga, or
smash his ass or do something, ugh
Magnificent is old, excellent is boring
Some n-ggas call this amazing, I call it this morning

All yellow diamonds in my purple drop
She give me brains I come to live, bitch I'm urkle pop
Think outside the box, I'm frozen beware
I'm packin that tray but I'm too cold to be square
Ice cubes is square, squares fit inside the tray,
The tray sits inside the box, here's your lesson for
today,
Ok, when you're this cold and you ain't in a nice mood,
you put square n-ggas in a box, ice cube.
I like sexy women, fast cars, nice views

Sexy women say you dress your ass off, nice shoes
'These old things?'
She said 'yes dear, but when did they come out?'
I'm like 'bitch, next year!'
Note to the rap game 'nobody call next here,
Or I'ma snap legs, stack bodies, break necks here'
And to XXL: 'F-ck could a n-gga say?,
Yall did the same old shit, jus a different day'
Get this straight, I'm no Freshmen
More like the Principal, theres no question
Run this school and n-ggas don't test him
But it's the principle that I'm stressing
Question: 'When yall talk about the best, how don't you
mention me?'
I aint on a bench, I'm the benchmark of my century
Eventually I'ma show you rappers just p-ssy
Cuz the crown aint safe in the hood, whats good?
